Cracking the GRE Math Test, 2nd Edition (Graduate Test Prep) Steve Leduc
The Princeton Review realizes that acing the GRE Math Test is very different from getting straight A’s in school. We don't try to teach you everything there is to know about math–only the techniques you'll need to score higher on the test. *There's a big difference*. In *Cracking the GRE Math Test*, we'll teach you how to think like the test writers and

·Eliminate answer choices that look right but are planted to fool you
·Raise your score by focusing on the material most likely to appear on the test
·Test your knowledge with review questions for each math topic covered

This book includes one full-length practice GRE Math Test. All of our practice questions are like the ones you’ll see on the actual GRE Math Test, and we fully explain every solution.
