A cyberpunk graphic novel

Post-apocalyptic dystopian quest

Ben is a young architect who suddenly appears in a dangerous, apocalyptic world. He knows what he's doing there - He's on a mission to investigate the city. The only person he gravitates towards and communicates with is a violent, rebellious anarchist. It soon becomes apparent that they both share knowledge about the city: They both know that it changes. The city's plan, its buildings, roads, streets - everything changes, disappears and reappears elsewhere - suddenly and without warning.

What constitutes a "good" city?

Do city planners really have control over the success of the cities they design?

Surprisingly, no other person is aware of the changes to the city but the two of them. Together they embark on a journey in which a new, futuristic world unfolds before them, while attempting to learn the reason behind the city's transformations. Their journey will change the way they view the world.
