Why So Many Black People Are Poor, Lazy, Greedy & Stupid Dumor Luhle
This little volume is primarily for those black people who can't seem to find the source of their poverty and misery that has accompanied them and their fore father. It is for those who say they have tried everything, but still they find themselves in that one spot that causes them to despair.
It also for the curious who want to know more about the real causes of black peoples' 'suffering', a true behind the scenes activity of my kind. I reveal not only the causes but the secret ways that can be used in changing the blacks' man life around in 90days or less!
Have you ever asked yourself where this poverty that has crippled individuals, families, communities and nations came from? , its origins will shock you. Top on my list, the number one cause of why many black people have remained poor for generations, more so in this day, is because of religion. Not just any religion, but Christianity! The change that has long eluded you is as close as the very breath that you breathe. Is it going to be easy? –hell no! But it is doable. The fact that you are reading this book is good enough sign that you'll take the first step in re-inventing yourself and rightfully claim what has long been waiting for you.
