OUR UNDERSTANDING OF THE UNIVERSE FROM ANCIENT TO PRESENT TIME: Science without religion is blind and Religion without science is Lame - Einstein (Part -1} Dr Vijay Mohan Das Prof. Fred Hoyle had coined the word , “BIG BANG”. He along with Prof. Harmann Bondi and Prof. Thomas Gold had introduced the concept of , "PERFECT COSMOLOGICAL PRINCIPLE" by the name steady state theory and 5% of the observations support this principle. Finally he along with Prof J.V.narlikar had given CONTINUOUS CREATION THEORY. According to Prof. Harmann Bondi, “ It is 80% Big bang, 5% steady State and 15% unknown”. On this ground I have introduced a new model of the universe. This new model has capable to explain all the observations of Big bang (80%), steady state observations (5%) plus unknown observations (15%) . This NEW MODEL of the universe with new scientific understanding postulated by me that supports the continuous creation theory goes by the name of HOYLE - NARLIKAR UNIVERSE. .
