Jesus in India: A Reexamination of Jesus' Asian Traditions in the Light of Evidence Supporting Reincarnation James W. Deardorff
With impetus provided by the accumulated historical and textual evidence supporting reincarnation, this book first examines Gospel evidence that Jesus actually taught reincarnation and karma rather than resurrection. Deardorff's compelling analysis bolsters other studies indicating that the concept of resurrection displaced reincarnation in earliest Christianity due to its pre-belief by certain Pharisee converts, and specifies how the Gospels came to reflect this belief.

Jesus in India reexamines the evidence that the "lost years" of Jesus' youth were spent in the India. Deardorff's analysis brings out the plausibility of Jesus having gained knowledge about reincarnation and related spiritual matters under certain yogis in India. With the empty tomb on Easter morning not to be explained by resurrection, the book reviews six resuscitation hypotheses and presents a seventh one that withstands previous objections.

This well documented research constitutes an important addition to the existing literature on comparative religions and a thought provoking contribution to the on-going debate on the historicity of a wide range of New Testament passages.
