Have you ever wanted to learn a new language but were intimidated by the foreign script? Do you wish you could read Ukrainian but aren't sure how to get started? Are you interested in the Ukrainian language and Ukrainian culture?

If so then this course is for you!

Other language courses show beginning students a table of the alphabet and then launch directly into dialogues and grammatical descriptions. This is not the ideal way to teach a foreign alphabet and can leave the student feeling discouraged and may cause the student to just give up.

Instead of that approach, this course teaches each letter of the Ukrainian alphabet in a systematic way while providing enough practice along the way so that the student learns the entire alphabet without becoming discouraged.

With this system you will be able to read the Ukrainian alphabet in only 5 days or less!

In addition to the alphabet, this course teaches more than 150 real Ukrainian words that were carefully selected to be of maximum benefit to beginning language students. These are the words that you need right away.

Scroll up and order a copy of "Learn to Read Ukrainian in 5 Days" today and start to enjoy the language and culture of Ukraine in a way that only reading the language makes possible.
