Are you sick of the corruption of the Republican and Democratic Parties? Polls show that the vast majority of Americans are tired of the two party system and its trappings. Although it seems that we are doomed to be led by one party or the other in perpetuity, Two Tyrants argues that the right reforms could alter the course of our collective political destiny.

Two Tyrants has quickly skyrocketed to become the go-to manifesto of 2016's disaffected American voter. Journalist and policy analyst A.G. Roderick has crafted a thoughtful political treatise that is fueling a new movement in American politics. Roderick's scathing criticism of the current power brokers has given a voice to the masses, unhappy with the two party system and its current political leadership.

Through all the white noise of election year bluster and opinion, Two Tyrants stands out as the singular work to lead America toward a more fair and free election system. Features by national media such as NPR's "The Takeaway" have highlighted the powerful message of Two Tyrants, and suggest that the deafening buzz surrounding the work is no fluke. Two Tyrants is a generational phenomenon that will be remembered as a flashpoint in America's coming political sea-change.
