Tributes: Pay Day's Poetry & Music (Amazon Version): Compiled Volumes 1-4 Pay Day the Author/Julian Hill
Tributes is a collection of poetry and song lyrics honoring those who inspired the tracks or pieces. While some artists have moved on, I remember them. They taught me how to write a variety of things but especially music. You'll see mention of greats like Parliament Funkadelic, Luther Vandross, Gerald LeVert and others. This collection will take you back in time when you first heard their music and experiencing life in younger days. Well this generation along with the future deserves a new spin on the greats. This is my attempt at making great music. It reads like poetry. There are many volumes to both Tributes and its companion series Sequels. We are taking the time to release them properly. It is intended for these songs to be recorded by myself and others. Those not containing explicit language since I'm at a new point in my life where I try not to express myself that way in written or creative form. Please pray for me that it continues. Tributes gives homage to all those who have helped inspire me creatively. I hope you enjoy as I have enjoyed writing these pieces.
