KERI Part 6: As Mother Predicted (Child Abuse True Stories) Kat Ward
BRAND NEW RELEASE: THE SHOCKING SIXTH PART OF KAT WARD'S SENSATIONAL AUTOBIOGRAPHY! ?

Just months after Kat Ward was vindicated in a high-profile court case brought against her by a British celebrity, readers can now download part six of her fascinating life story.

Despite leaving the courtroom with her reputation intact, Kat's inner life was in turmoil, and it was only due to the loyal support and steadfast encouragement of her ever-increasing fan-base that she managed to complete the sixth volume so soon.

Following on from the fifth book, in which she lost her identity but somehow found herself a husband, Karin now finds herself in the precarious position of having to move in with her partner's family - a move known to strain even the tightest of marital bonds.

But tight bonds are seldom established by those who grew up learning not to trust, and the status of being the only black sheep in a house full of sacred cows eventually takes an irreparable toll on the marriage; forcing the young Karin out of the house and onto the streets.

In what might be described as the first truly "grown up" volume in the series, Kat, now in her twenties, is left with no choice but to face the world completely alone. Homeless, penniless, and holding the (not just proverbial) baby, she resorts to begging by the roadside in order to get by.

Her desperate search for protection leads her down some dark alleys, and before long she realises the uncomfortable truth: that shelter is a commodity to be bargained for. And with little more than her dignity to bargain with, it is perhaps not surprising that the arms she ends up in are not all tender and loving. In fact, she soon finds she needs protection from the protection itself - a theme all too familiar for readers of the prior books.

The woman who was abused her entire childhood now recounts her terror at being subjected as an adult to violent alcoholic rages, false accusations, and even rape at the hands of her sadistic tormentor, who insists on holding her captive.

Once again in need of an escape route, she makes a daring bid for freedom. Yet despite coming so close, she falls short and ends up swapping one set of bars for another.

?DISCLAIMER: This book series deals with themes of both child abuse and domestic abuse, and as such reader discretion is advised. Names have been changed to protect the innocent.
