It will break her heart but she must walk away. Moon has been drugged. He is feral and dangerous to everyone. The NSO doctors turn to the only female Moon ever cared about—the one who left him in the desert two years ago. Moon isn't the same male Joy once knew but she is willing to put her life on the line for him. There are no rules now. If sex tames the wild beast and triggers his fractured memories, allowing him moments of lucidity, then Joy will give him her body and her soul. She'll do whatever it takes to save him.
