An event planner with a lonely heart PLUS a billionaire alpha too hot to touch PLUS a dark secret burried in the past!

When you have been burned in love too many times to count, you eventually make a promise to yourself that you will never let yourself be hurt again. Next time you will be more careful. You will protect your heart with everything you have, just to keep it from getting broken again.

Melissa Cleary was one of the many women around the world that had made this promise to herself. For years she kept this promise, never letting herself get close enough to the fire to get burned. That is, until she met Clayton Masters.

Somehow Clayton charged through all the barriers, even the ones he had created for himself. The only problem was that Clayton had a secret. A secret that could kill someone if they got too close. Clayton has distanced himself from the opposite sex, not to spare his own heart, but to keep them from meeting the same fate as his mother.

Without realizing what is happening the two of them find themselves, not only close enough to the fire to be burned, but standing inside of the burning flames. Will the fire they ignite in each other consume them in love or will their hearts be burned to ash?

NOTE: This book includes bonus stories!

AUTHOR’S NOTE: This is a 16,000-word stand-alone story with an HEA, so no cliff-hangers! Story contains mature themes and language and is intended for 18+ readers only.
