Elizabeth Farren Corbin

Assessment Skills Laboratory Manual Elizabeth Farren Corbin
The combination Laboratory Manual and Study Guide is intended to reinforce the content from the main text, as well as prepare the student for the skills laboratory/ clinical experience. Each chapter begins with an overview, reading assignment and list of key vocabulary terms to prepare the student for the review exercises. These exercises include study focus questions, anatomy and physiology labeling activities, multiple choice questions and case studies. Finally, each chapter contains a documentation form and a clinical checklist to be used in the lab or clinical setting. The checklists will provide the student with the appropriate guidelines for a successful clinical experience.
