Law and Morals

Simon Lee

Law and Morals Simon Lee
An examination of the relationship between law and morals, this wide-ranging book develops themes addressed by Hart and Devlin, relating them to issues and events of current interest. Lee covers such timely concerns as: the Moral Majority; embryo experiments and surrogate motherhood; contraception, children's rights, and parents' rights; informed medical consent; equality and discrimination; and freedom of expression and pornography. Stressing the relevance of these issues to the lives of all of us, Lee argues for broader participation in debate on this topic.
