The Red Lion - The Elixir of Eternal Life Maria Szepes. Orsi
The Red Lion puts together, in a narrative form, the secrets of alchemy and its effects on the on the consciousness of those striving to discover the ways of transforming lead into gold. For any true alchemists this is merely a metaphor for the transformation of body into spirit. The story of this book traces the experience of one seeker, as he awakens through the pre-mature ingesting of the philosopher's stone in a mad quest for immortality. In this case, the adept had not been spiritual qualified to undergo such transformation and is consequently thrown up against his own demons. The awakening that occurs, for the main character as well as the reader, is due to the confrontation of the darkness and bringing of light to the deepest part of being. Maria Szepis had written a superb tail about this act of confrontation and draws on much Hermetic research to bring out the theosophical truth in discovering the God of our being.
