Amazon Nation or Aryan Nation Bottomfish Blues
These angry essays show how the massive New Afrikan uprisings of the 1960s were answered by the white ruling class: with the destruction of New Afrikan communities coast to coast, the decimation of the New Afrikan working class, the rise of the prison state and an explosion of violence between oppressed people. Taken on their own, in isolation, these blights may seem to be just more ""social issues"" for NGOs to get grants for, but taken together and in the context of amerikkkan history, they constitute genocide.
