Inclusion: The Dream and the Reality Inside Special Education Jeanne D'Haem
Intended for parents, general and special education teachers, *Inclusion: The Dream and the Reality in Special Education* is a book about laws and practices that impact the inclusion of students with disabilities in public schools. Each chapter illustrates a child who presents a challenging problem. The book presents inclusion issues through compelling stories. People rarely change their attitude based on facts. Stories can change the way we think and feel about issues.

Written by a college professor, teacher candidates find these experiences hilarious or tragic, but always illuminating. As new teachers they must be prepared to confront the important challenge in our schools- reaching every single student, black, white, indifferent or frightened. This is the secret strength and wonder of the American educational system.
