We, The Watched (Volume 1)

Adam Bender

We, The Watched (Volume 1) Adam Bender
Break through the government propaganda and avoid surveillance cameras in *We, The Watched*.

Told from the first-person perspective of an amnesiac, this dystopian adventure places the reader in the shoes of Seven as he struggles to go unnoticed in a surveillance society and discover his true identity.

Seven enters a dystopia where the government conducts mass surveillance and keeps a Watched list of its own citizens. The Church has become as powerful as the State, and people who resist are called Heretics and face execution.

Seven's amnesia gives him a blank-slate perspective that helps him see through the propaganda, and he soon gets involved with a group of rebels called the Underground. But this same perceptive power could get him into a lot of trouble with the government police force known as the Guard.

The debut novel by Adam Bender exposes a current political issue in anexciting science fiction adventure, carrying on the tradition of dystopian classics *1984* by George Orwell and *Fahrenheit 451* by Ray Bradbury, as well as more recent blockbuster novels like *The Hunger Games* by Suzanne Collins.
